Hear renowned UC Berkeley soil scientist Stephen Andrews' talk - June 29, 10:00 - noon

Stephen is a soil scientist, educator, and natural resources consultant. Known variously throughout the Bay Area as the Dirt Dude, Soil Sommelier, and Compost Crusader, Stephen has been indoctrinating

classes of UCCE Master Gardeners, landscape and gardening professionals, and UC Berkeley students with his mantras of "compost, compost, compost" and "mulch, mulch, mulch" for more than two decades. You are sure to learn something new!

*The Poems from the Heart and Soil and Health programs are part of the 10 events Marin Villages has planned to celebrate our 10th anniversary as an organization.*

*They are both friend and fund-raisers in support of Marin Villages and our mission. Come support us and bring a friend. It's a good way to help spread the word to others about how much fun we have and what Marin Villages is all about.*

## Stories and More Stories

Sally Wilson

Gabriella Mautner

Joseph Levine

On May 22 Sally Warren, Gabriella Mautner, Joseph Levine (all pictured above) and David Albert (not pictured) enchanted a delightful group of Marin Villagers with stories of their lives.

Stories included personal vignettes ranging from changing careers from glamorous modeling to repossessing bedroom furniture from a house of ill-repute; wishing a wife happy birthday with a big photo in the Ark of her wild ostrich ride in South Africa; writing novels based on harrowing personal events escaping from Nazis during WWII; and growing up from unlikely circumstances to find love and a calling as a rabbi.

Watch for their stories on our website in coming months and we continue our "Who Knew" postings about members of our Marin Villages community.
